

RACE TRACK CHALLENGE SEEN HERE

Baden's Plans for Horse Racing Announced

San Mateo county is expected to throw down the gauntlet and accept the challenge of the Baden Kennel Club in its announcement that it will not close but will immediately start construction of a dual track that will permit of horse and dog racing 10 months out of the year.

Superior Judge Franklin Swart, about to hear a request for dismissal of abatement proceedings against the Baden track, granted the request of Attorney Angelo Scampini for a week's continuance to "await developments."

If the report in a San Francisco morning paper that the Baden interests plan to defy attempts to close the track by going forward with a horse racing program is true, Superior Judge Swart sees in this a "challenge" to the "better element."

"This is a challenge to San Mateo county, and San Mateo county undoubtedly will accept it," he said.

Judge Swart declared that the gamblers have had opportunity and warning enough and "should any of them land in jail, they can expect little sympathy from me," he said.

Scampini, who said today that he had been given to understand that the Baden track would close permanently on November 5, declared that the announcement would result in immediate mobilization of "all the endorsement machinery in county and state" for a "fight to the finish."

If necessary, Scampini said he would carry his fight to the floor of the legislature after the turn of the year.

George Lewis, manager of the Baden club, is credited in the news story with having made the disclosure. Lewis said that the work would be rushed so that the opening meeting of the horse race program could be held February 1.

The track for horse racing will be five furlongs in length and the greyhound track will be in the center oval, so arranged that the home stretch for both horse and dog races will be the same.

An arrangement with the Tanforan management to avert duplication of programs and permit fixed horse race seasons for each track is in the offing. While the horses race at Tanforan, the dogs will run at Baden.

The new facilities will be built on the 70-acre Baden tract near El Camino Real, South San Francisco, present site of the dog track on which \$85,000 was recently expended.

Tentative plans call for retention of the grand stand at its present site and covering of the dog housing facilities during the horse racing periods.

A South San Francisco ordinance prohibits an all-year race program, banning the sport in the first and last month of each year.

Democrats Active Throughout County

The enthusiastic local Democrats are maintaining headquarters in the Sequoia Hotel on Broadway where the interests of the party's candidate for president are very actively taken care of.

The headquarters are in charge of Jerome MacDonald, John A. Hosts, George F. Filbert and William D. MacDonald, energetic young party adherents who have a complete supply of literature for the information of the voters.

The meeting place is kept open day and evening and has many visitors. Always one or more of the young men mentioned are on hand to meet the public and help to spread the doctrines of Democracy. Democratic headquarters are also maintained in Daly City, Burlingame, San Mateo and Menlo Park.

The annual firemen's ball, which was given in Foresters' Hall Saturday night, drew a large crowd. A report on the sale of tickets was being prepared today.

LAUGHS AT "BLACK CAT" JINX

Nobody can say that "Wild Bill" Cummings, one of the favorites to win the 150-mile national championship auto race at the Oakland Speedway on Sunday afternoon, November 13, is superstitious about black cats. Here we have him with his mascot, Minnie. Cummings has taken Minnie with him to every auto race in which he has participated this year, whether it be on the Pacific or the Atlantic coast or at Indianapolis.

Rival Camps In Thick Of Drive For Ballot Win

By THE UNITED PRESS

Last minute drives to sway political sentiment in the doubtful states became the line of action in the presidential campaign today, as President Hoover planned to conclude his speechmaking in the Midwest and Governor Franklin D. Roosevelt in New York City.

Thrust into rapidly climaxing campaign was a fiery speech by Senator Glass, Dem., Va., who assailed the Hoover administration's financial policies, and denounced Secretary of Treasury Mills' tactics in obtaining an advance copy of his address, in order to make an immediate reply. Mills answered that it was well known that copies of opposition speeches find their way into the rival camp.

President Hoover worked today on the speeches he is scheduled to make on his fifth and final drive for Middlewest support this week end. The president may continue to Palo Alto, Calif., in which event the two major aspirants for the presidency will await the election result with the continent separating them. Governor Roosevelt plans to be in New York election night. He has three speeches scheduled there, the first Thursday. The Democratic nominee returned to Albany last night after a motor trip through Southern New England.

Political charges flared across the country last night.

In New York, Newton D. Baker, secretary of war in the Wilson administration blamed the depression on a Republican doctrine of "stark selfishness."

In the same city Dudley Field Malone, another Wilson regime figure, called on friends of Alfred E. Smith to support President Hoover, asserting that the 1928 Democratic nominee was the "Forgotten Man" of his party.

Two progressive Republicans, Senator Johnson and Senator Norris, Neb., who have bolted to Governor Roosevelt spoke on the Pacific Coast at Portland, Ore., Norris attacked President Hoover's record on farm legislation. At Los Angeles, Johnson predicted "another great Progressive victory."

Secretary of Interior Wilbur, speaking at Ogden, Utah pleaded for retention of a "great well trained seasonal leader."

Both President Hoover and Governor Roosevelt were criticized for some of their campaign utterances by Norman Thomas, Socialist candidate for the presidency at Rochester, N. Y. A "contest of vituperation" were his words.

BOURBONS OPEN QUARTERS TODAY IN MENLO PARK

Democratic headquarters have been opened in the Murray building, Santa Cruz avenue, Menlo Park. A committee of 100 Democrats will assist Eugene Crane and J. H. Sullivan in conducting the campaign. It is that community. The rooms will be open afternoons and evenings for distribution of campaign literature, dispersing of information, and answering of questions.

The Menlo Park Democratic Club endorses the party's entire ticket.

CEREMONY AT SCHOOL ON SUNDAY

New Institution on Jefferson Ave. to Be Dedicated

Public dedication exercises for Redwood City's new \$60,000 Jefferson Elementary School on Eagle hill at Jefferson avenue and Avenue Del Ora will be held in the McKinley Intermediate School auditorium Sunday at 2 p. m. under the auspices of Redwood parlor, Native Sons of the Golden West, it was announced today by Superintendent of Schools John Gill.

Laying of the Native Sons' dedicatory plaque in the main entrance of the new school building will follow the program, at which the chief address will be given by Seth Millington, grand president of N. S. G. W.

Other speakers at the program in the McKinley auditorium are John W. Poole, chairman of the board of school trustees; Mayor William Duse, Roy W. Cloud, Horace W. Amphlett, County Superintendent of Schools Pansy Jewett Abbott and Justice Emmett Seawell.

Musical numbers will be played by the Melos trio and the 8B1 Glee club of McKinley school. Mr. and Mrs. Herman Phillips will sing at the setting of the plaque.

Placing in service of the new Jefferson school brings to \$558,305 the total valuation of Redwood City's elementary school system. The new building, completed last spring and opened for the first time this fall, was planned by the late Alfred I. Coffey of Redwood City, and his designs were executed by his associate, Martin Rist.

Qualification Issue Enters Judge Contest

Maxwell McNutt, who opposes

San Mateo county's veteran superior court judge, George H. Buck, at Tuesday's polls, may be disqualified as a result of an investigation into his legal residence in this county, it was revealed yesterday by a group of attorneys and civic leaders led by Frank M. MacGraw, prominent San Mateo Park resident.

Under the election laws of this state a candidate for superior judge must be a resident of the county from which he is elected for two years prior to his election. MacGraw, in a public address and before an investigating committee, revealed proof that McNutt was a registered voter in San Francisco in November, 1930, and that he did not register to vote in this county until January, 1931, and never voted here until the primary election in May, this year. Technically, according to MacGraw, McNutt is not legally qualified to seek the vote of the citizens of San Mateo county.

McNutt has campaigned, according to MacGraw, as a long-time resident of San Mateo county. MacGraw charges that McNutt has really been a resident of San Francisco, conducting his business there, and residing at 2373 Washington street.

VENDOR HURT AS 'HOT DOG' CAR CRASHES

Paul Trench, San Francisco "hot dog" vendor, who was en route to the San Jose motorcycle races Sunday morning when his delivery car overturned near Belmont, suffered possible fractures of several ribs and possible internal injuries as a result.

Trench was treated at the emergency hospital in Redwood City and then transferred to the Mills hospital, where he is forced to sit in an upright position because of his injuries.

Sam Goldstein, also of San Francisco, who was riding with Trench, was treated for lacerations of the right arm.

Hundreds of "hot dogs," bags of peanuts, and buns, and numerous bottles of mustard were scattered when the truck overturned. State Traffic Officer James Dalziel, acting captain of the San Mateo squad, investigated the mishap. It occurred just north of Ralston avenue, Belmont, and Trench is believed to have turned too sharply in passing a car.

HOOVER'S RE-ELECTION VITAL NEED!

Regardless of party alignments or personalities, the people of the United States cannot afford to not re-elect Herbert Hoover as president of the United States.

Hoover, during the past four years of great national stress and strain, has displayed sound judgment and done everything humanly possible to save this country from economic disaster. There are now definite signs of recovery, but the crisis is by no means past.

The Republican program, now in operation, is sure to restore us to national economic health. And right at this time, it would be nothing short of a calamity to have this program completely upset, with all the attendant readjustments and waste of time and effort.

Roosevelt has made many rash promises, but he has advanced no definite, concrete plan by which he proposes to make good these promises. As a New York Herald-Tribune editorial states: "One thing at least the country seems to be united upon in the present strange campaign. That is that it does not like and does not trust Franklin Roosevelt. His ablest supporters can do no more than damn him with faint praise. His whole long trip through the West gained more suspicion than confidence. The more he promised, the less the voters took to him. After all, America is a hard-headed country."

We agree with that. We are hard-headed and we are clear-eyed. We know that the only way to private or public retrenchment is by a program of bed-rock economy, and not by the temporary panacea of further extravagance.

Roosevelt, Garner and Hearst are all ballyhooing from the same housetop, and all three have failed to convince the American public that they are sincere, that their bitter attack upon President Hoover is just, or that their vague plans are sound.

President Hoover is facing cold facts, and when hard-headed Yankees are in a tight spot, that is the kind of man they turn to for leadership.

Re-elect Herbert Hoover on November 8 and save the situation!

RETURN FREE TO WASHINGTON

Arthur M. Free has faithfully served this district in Congress for the last twelve years, and now holds an enviable position of prestige and influence in Washington. Congressman Free has consistently fought for constructive measures. Through his efforts, millions have been loaned for the marketing of California agricultural products. He holds a high rank on the committee on merchant marine, radio and fisheries, and also on the committee of immigration and naturalization. In the latter capacity, he has led the fight to restrict immigration.

Congressman Free, during his six terms, has established a record of which he can be justly proud. We need men of his soundness and judgment in the coming Congress to deal with our grave economic problems and to hasten national recovery.

\$50,000 Sought for Pedestrian's Death

Fifty thousand dollars damages for the fatal injuries incurred here by Simon Acero of this city in an automobile-pedestrian accident at Five Points October 22 were asked today by his widow, Dulce R. Acero, in a suit naming R. H. Pierson of Los Angeles as defendant.

Acero died two days after the accident in the Community Hospital, Berkeley. Gilbert D. Ferrell and Fred W. Combs filed the complaint.

The Sonora Pass road is open in its entirety from Sonora across the summit. Some oiling is in progress near Long Barn but no difficulty is offered other than short delays.

Boy Sets Fire to Mattress in Jail

BURLINGAME, Nov. 4.—A 14-year-old Mexican boy named Jose Dalton of Palo Alto was in the Community Hospital today recovering from near-suffocation, the result of a fire in the San Bruno jail late Monday. Authorities said the youth set fire to a mattress and blankets in his cell.

The boy had been begging for food, police said, and was taken to the jail for investigation. A short time later, Mrs. William Knowles, whose husband's garage adjoins the city jail, reported that smoke was pouring from the latter place. Officer James Barber found the boy in a semi-conscious condition on account of the smoke. Little damage was done by the fire.

HOOVER TO START FOR WEST TODAY

President Says He Is Coming Home To Cast Vote

By HENRY F. MISSELWITZ
United Press Staff Correspondent
WASHINGTON, Nov. 3 (UP)—President Hoover starts west at 4:20 p. m. today on a final intensive campaign offensive that will close with a dash to California to vote and receive the election returns at his Palo Alto home.

The president announced in a message to the Pacific coast last night that he was "coming home to vote."

"The improved condition of the country," he said, "affords me the deep satisfaction of coming home to vote. I trust I may not be prevented from exercising this privilege."

Arrangements Made
Although Mr. Hoover added the qualifications that he hoped he would not be forced to cancel his plans, White House officials foresaw no contingency that would force him to alter the schedule. Arrangements for the California trip were practically complete.

In addition to announcing his decision to go to California, the president made public a telegram stating that the prohibition views enunciated in his acceptance speech remained unchanged. In that speech he proposed liquor control be returned to the states under a new amendment which would guarantee federal protection to dry states and forbid return of the saloon.

Mr. Hoover's message was in response to one from Chairman Edward C. Stokes of the New Jersey Republican campaign committee. Stokes said representations were being made in New Jersey that the president had changed his prohibition stand.

Mr. Hoover planned to work on his final speeches in seclusion to day up to the time he and Mrs. Hoover board a special train to depart for the West. It was believed he would devote considerable attention to the farm problem, as well as renew his attack on policies proposed by Governor Roosevelt.

Three Major Talks Yet
The president's final westward swing includes three major speeches and some 30 back-platform talks in Indiana, Illinois, Missouri and Wisconsin alone. The major addresses will be at Springfield, Ill., at 3:30 p. m., tomorrow; St. Louis at 7:30 tomorrow night; and St. Paul, Minn., Saturday night. From St. Paul, Mr. Hoover heads across the continent to California—"not for the purpose of carrying on a political campaign among my neighbors, but to satisfy that proper instinct inherent in every American to cast his vote among his neighbors at his own home."

Red Cross And Job Aid Group Furnish Flour

Provision of flour for families of all persons registered with the Redwood City unemployment relief committee through the co-operation of the Red Cross was announced today by Chairman Carl E. Stoner, one of the undertakings of the local committee in addition to finding jobs.

Distribution of flour to 40 families here will be made under the supervision of the sub-committee on food relief, of which T. J. Hallinan is chairman. Hallinan has been authorized to solicit the aid of the Red Cross in gaining for the Redwood City area the total amount of flour available under the local quota.

Following a survey of relief work in San Francisco and a review of the policies of the San Mateo county organization, Chairman Stoner reports that the chief aim of the local group will be to solicit jobs, but that the other sub-committees are discharging their respective duties according to the need. Heading these units are John Morrish, housing, and Mrs. Alma E. Cain, clothing relief.

SEQUOIA EDGE OVER SAN MATEO SLIMMER AS TILT APPROACHES

The Sequoia-San Mateo contest this afternoon at Redwood City no longer appears to be a set-up for the Cherokees. For while Sequoia downed San Jose 26-13, the Matens last week trounced the Garden City lads 25 to nothing at all.

With the return of John O'Neil, the boy who last year made San Mateo's lone tally against Sequoia with a 45-yard ramble, the northern team has developed new spirit. It is in better form right now than at any time during the season.

Sequoia's unbroken string of wins has done them no good. They show signs of that fatal entity—overconfidence.

Having gone through last week's combat without injuries, the Cherokees are in perfect physical trim for today's tussle. Pullback John Costa has returned to the line-up, and Sequoia will put her entire first string on the field. But if San Mateo keeps on the trail it has, the Indians will have some exciting moments before the final gun pops.

JUNIORS BACK HOOVER, WIN SENIOR DEBATE

The junior interclass debaters defeated the senior team for the second consecutive year at the final debate Thursday afternoon, October 27, at Sequoia Union high school.

With "Resolved That Hoover's Record Merits His Re-election," as the subject for debate, Wilbur Woodhams and Robert Steiner, junior affirmative team, received a two-to-one decision over the senior team, composed of Alice Swift and Billy Dusel.

NEW AIRCRAFT RADIO PASADENA.—A new aircraft radio receiver, which weighs only 10½ pounds and is capable of receiving on all three waves allocated to aviation by the radio commission, has been developed by the radio department of the Pasadena-Alhambra Airdrome. In tests the receiver has picked up signals from all parts of the United States with little difficulty.

SEVENTY-THREE IN TOMORROW NIGHT'S SEQUOIA OPERETTA

Seventy-three students will participate in "Love Pirates of Hawaii," operetta by Otis M. Carrington to be presented tomorrow evening, November 5, at 8:15 in the Sequoia Union High school auditorium.

The eight leads are being played by Lorraine Bullivant, as Miss Primer, the spinster principal of a girls' seminary, who falls in love with a bold, bad pirate; Saxon Downs, as Billy Wood, who disguises himself as a pirate in order to compel Miss Primer to permit him to see his sweetheart; Eleanor Woodcock, as Dorothy Dear, the lady of Billy's heart; Hugo Endrigo, as the pirate chief; Joel Mansfield, as Scary, also a pirate; Lorraine Read as Lehua, a Hawaiian girl; Lillian Dunkel as Kanlarnael; Annette Spohr, Maile; and Marjorie Paris, Lilinoe.

The chorus of 65 will be composed of members of the fifth-period choral class.

A special fourteen-piece orchestra is providing the music for the performance, while members of the play production class under direction of Claude van Patten, drama instructor, are making the set, which will be in a tropical garden.

Admission price is 25 cents, and no seats are reserved.

NEW MEN'S GYM CLASS STARTED AT SEQUOIA

Instructions in basketball and mat and apparatus work are included in the new gym class for men which meets Monday evenings from 7:30 to 9:30 in the boys' gym of the Sequoia Union high school.

There is sufficient room to accommodate all who care to register in this class, according to Charles S. Brown, principal of Sequoia's school for adult education. A large enrollment is expected.

Hold-ups are increasing. So the home protective association is formed and provides armed guards to protect you after dark. The armed guards are paid and then rob their patrons.

History of SAN MATEO COUNTY

By CHARLES H. PRIOR

ARTICLE II The Native Indians

The native Indians of San Mateo county, "the Diggers," were one of the lowest types of the American Indian. Before the coming of the Spanish, the Diggers spoke various rudimentary dialects. These differed widely in various sections of the state. But the Diggers being of mild and pliable nature, were so quickly converted by the Jesuits and the Franciscan fathers that language was soon lost and they all spoke Spanish.

From the time of the Spaniards onward, the Indians in this county were in small groups and gathered close in around the missions. They lived for the most part on the Bay side of the ridge, and only made periodical trips to the coast to fish. There are many evidences of their camps around Pescadero, and a year ago this writer excavated in one of the mounds and found arrow heads, pestles stone hammers, bones and layer upon layer of broken, decayed shells.

There is a very pronounced mound across the hills about two miles southeast of Pescadero in the Butano Creek bottoms. Another camping place was on the bank of Pescadero Creek about a mile east of the village. Other mounds are still plainly marked along the beach below Pigeon Point.

Living pioneers of Pescadero remember the last of the Indians in that section, an ancient weathered squaw, her daughter who later married a white man, and a half-breed son. They lived in a shack in the willow jungles along the creek and lived mainly by digging potatoes, when Pescadero was famous up and down the coast for its bumper potato crops.

An old chronicler describes the native Indian, and portrays him in a pretty bad light. We had that it is rather unfair. In the days when the chronicler was writing, it was taken for granted by the "superior" white man that the so-called "savages" did little besides "satisfying his appetite and lust," as the chronicler states, but we have since found that primitive peoples were largely free of both the appetites and lusts which degrade moderns, and that their simple codes of morals were far more strict than our own.

However, we gain some insight from the old record, and can take it for what it is worth. Here it is: "Knowledge he had none; his religion and morals were of the crudest form, while all in all he was the most degraded of mortals."

"He lived without labor, and existed for naught save his ease and pleasure. In physique he was unprepossessing; being endowed with much endurance and strength; his

features were unattractive, his hair in texture like the mane of the horse, and his complexion as dark as the Ethiop's skin.

"His chief delight was the satisfying of his appetite and lust, while he lacked courage enough to be warlike, and was devoid of that spirit of independence usually the principal characteristic of his race. The best portion of his life was passed in sleeping and dancing, while in the temperate California climate the fertile valleys and hill-sides grew an abundance of edible seeds and wild fruits. Such means of existence being so easily obtained is perhaps a reason for the wonderful disinclination of Indians to perform any kind of labor.

"The aboriginal Californian's life was a roving one, for they had no fixed habitation, but roamed about from place to place, fishing hunting and gathering supplies. Their dialects were as various as are those of China today, and the natives of San Diego could not understand those of Los Angeles or Monterey.

"These Indians had as dwellings the meanest of huts, built of willows and thatched with rushes. They were small and easily warmed in winter, and when swarming with vermin could easily be reduced to ashes and others built in their places.

"Polygamy was a recognized institution among them. Chiefs generally possessed eleven wives, sub-chiefs nine, and ordinary warriors two or more, according to their wealth or property. In times of peace they kept up their martial spirit, little though it was, by sham fights and tournaments, their women participating as a sanitary brigade; they followed their warriors and supplied them with provisions and attended them when wounded, carrying their papooses on their backs at the same time."

Not a very lovely picture, as painted by the old chronicler, but we suspect that his real knowledge of the Indians was less than he pretended. They were indolent, yes. They had little in the way of mentality. They were undoubtedly quite filthy. But they lived close to the earth, knew the joy of the sun and the bleak discomfort of cold and rain. In their own child-like way, they worshipped their primitive gods, and faced their destiny with a stoical courage which would put many of us moderns to shame. And under the guidance of the padres, they soon adopted the white man's ways, intermingled, and, in this section at least, completely lost their identity as a race.

(Next week's article will tell of the Indian sweat houses.)

◆ Woodside ◆

It is an ancient truism that "a prophet is not without honor save in his own country" and that applies to gardeners as well. We might plan to go to San Mateo or even to Hayward to see a flower display, but why go around the corner to see flowers raised by our local gardeners. A mere handful of those who should be proud of Woodside's supremacy in flower growing came out on Monday night to see the chrysanthemum exhibit presented by the Woodside Gardeners' Association. Yet it is doubtful if finer blooms or better arrangement has been shown anywhere in the bay region. The exhibitors were generous with their flowers and every lady present went home with an armload of such blooms as only experts can produce. The prize winners at the exhibit were: best vase of single chrysanthemums, one variety—First, Kurt Schmidt; second, J. L. Hughes. Best vase singles, three varieties—First, J. L. Hughes; second, James Wilkie; third, Victor Canavesi. Best vase pompons, one variety—First, Kurt Schmidt; second, Victor Canavesi; third, J. L. Hughes. Best vase pompons, three varieties—First, Wilkie. Best vase anemone—First, Hughes; second, Oscar Blackington; third, Wilkie. Best vase large, three varieties—First, Canavesi; second, Schmidt. Best large, six varieties—Canavesi. Best basket of singles and pompons—First, Hughes; second, Schmidt; third, Wilkie. Best basket of large chrysanthemums—Canavesi. Best basket of berries—First, Canavesi; second, Hughes; third, Blackington. Best bloom in the show—Canavesi.

The Gardeners' Association announced a card party to be given at the school auditorium on November 18.

The Portola School is still closed in fear of diphtheria which has already made some headway in that district. For that reason, too, the entertainment planned by the Portola Social Club for Friday night of this week has been postponed indefinitely.

As yet no cases of diphtheria have been found in Woodside although the James Wilkie family has been quarantined pending further developments.

Prof. Farque of Stanford, who is living in the Rose log cabin on Albion Way, gave a Halloween party and dance to fifty of his friends on Saturday evening.

There will be no meetings of the Woodside Girl Scouts or of the Brownies until further notice. Miss Florence Boddy, the school nurse, is determined that there shall be no opportunity for the spread of any disease condition that can be prevented.

Miss Beatrice Konrad of Santa Clara is the new student teacher from San Jose State College assigned to the Woodside School for the six weeks period of training.

Mr. and Mrs. Jack Shapiro and family returned to San Francisco on Tuesday.

The Parent-Teacher Association held its regular meeting on Thursday afternoon. Miss Clara Dills was the speaker.

Mrs. Edward T. Harrison returned on Wednesday after a week's visit with her brother in Los Angeles.

Bazaar Will Aid Peninsula School

At a meeting of the Parent-Teacher Corporation of the Peninsula School Ltd. Friday, plans were made for a bazaar to be held a fortnight before Christmas at the Stanford campus home of Dr. and Mrs. Russell V. Lee. Mrs. Robert Cross is chairman of the committee in charge.

The corporation meeting followed a supper at the school. Approximately 75 persons were present. Alumnae girls served. Prof. Eliot G. Mears presided at the short business meeting. Ben S. Allen was appointed head of a committee on advertising and publicity. M. L. Baker was made activities chairman.

The speaker of the evening was Dr. Harry B. Reynolds, who talked on problems of modern education. Deploping the failure of schools to study human behavior, he declared that "it is the job of education to pay more attention to the science of human relationships if American culture is to survive." The work along this line that is being done by such organizations as the Boy Scouts, progressive education groups, and the Pathfinder movement were praised by Dr. Reynolds. He spoke particularly of the United States Society, which is making an effort to teach young people about government and combat their indifference to law and order. Only 17 per cent of the high schools in this country, he said, give any instruction in government. Information will be supplied by the society, he told his audience, to debating societies and any other groups interested.

Francis Dembroge, manager of the Liddicott market, was operated upon at the Palo Alto Hospital last Monday. He is convalescent and will soon be at his post of duty. The operation was a serious one.

The sixth anniversary of the organization of the Menlo Park Masonic lodge will be observed by a dinner and dance in the lodge hall on Saturday evening, November 12. This will be a big affair, all the members attending and many Masons about the bay section will also be present.

An agent for a large eastern chain store was here during the negotiating for the rental of a store building in town. It is a big organization with a complete line of food stuffs.

The Catholic women of the Church of the Nativity will give a whist party in the auditorium of the grammar school this evening for the benefit of the needy of the parish. Good prizes will be awarded the winners of the game.

REDUCE TAXES!

VOTE YES #5

CALIFORNIA is losing thousands of dollars monthly by failure to tax racing associations. This important medium of revenue can be utilized to reduce everyone's tax burden. Vote YES on Initiative Measure #5 on November 8.

INITIATIVE MEASURE #5

WILL REDUCE TAXES!

By taxing racing, this measure will pay into the State Treasury an amount estimated at \$1,000,000 a year! A vote on this amendment is not a vote for or against racing as racing will continue anyway. But if this amendment carries, racing will pay its proper share of taxes.

REGULATES RACING!

This measure places race courses under the strict control of a commission appointed by the Governor, to rule on permits, limit duration of meetings and supervise the certificate system.

WILL REVIVE BREED-

ING! The lucrative field now utilized profitably by Kentucky, Illinois, Maryland, Florida and other States can be brought to flourishing proportions in California through the encouragement of thoroughbred stock farms, using a vast amount of agricultural products.

WILL HELP AGRICUL-

TURE! One-half the revenue obtained from taxation of race courses will go to the State Board of Agriculture.

WILL HELP STATE VET-

ERANS! The other half of the revenue obtained will go to the State Veterans' Welfare Board.

WILL ATTRACT TOUR-

ISTS! This measure will add greatly to the return of prosperity by attracting wealthy sportsmen and tourists to California.

DOES NOT INVOLVE

OTHER SPORTS! A ludicrous claim has been made that #5 will tax all racing competition, such as college track meets, yacht racing, automobile races, etc., etc., both professional and amateur. THIS IS NOT TRUE! #5 affects only race tracks using the certificate system: a fact SUSTAINED BY SUPERIOR COURT DECISION!

WILL MEAN EMPLOY-

MENT! This measure will bring employment to thousands, either directly or indirectly. One track alone requires one thousand employees!

DON'T BE MISLED! #5 will help

the taxpayer, the State, the farmer, the war veteran, the unemployed. In Chicago, the Hawthorne track paid the State of Illinois \$120,000 in taxes in 48 days and made a good profit, besides! If Illinois racing can prosper under a tax of \$2500 per day of racing, California tracks can well afford to pay \$1800 . . . and still make money! Opposition to #5 is selfish, short-sighted and a high-handed attempt at monopoly.

Work Relief Bonds
Election November 8

EDITORIALS

VOTE COUNTY RELIEF BONDS!

Proposition Number 21 on the San Mateo County ballot is of the utmost importance to every voter. It is the Work Relief Bond issue for \$350,000, the proceeds of which will help the otherwise helpless thousands of our own citizens who are dependent through no fault of their own, on public funds for relief.

The heads of 1600 families in San Mateo County are in dire need through unemployment. That means that about 6000 men, women and children, all residents of the county for at least one year, are dependent on public relief for the necessities of life.

The state law of California makes it mandatory that every county provide for its needy residents. This is a responsibility that cannot be avoided.

The Board of Supervisors of the County has pledged itself to place the administration of the funds realized from the sale of the Bonds in the hands of a committee of representative citizens from every part of the county. The committee is headed by Sam D. Merk of Burlingame.

Should the Bonds fail to carry, the whole amount of the Bonds would have to be provided by a direct tax payable all in one year. That would mean a tax raise of at least 70 cents on the Hundred dollar valuation. Should the Bonds carry there would be no tax levy until 1934 to pay for them, and they would be retired by easy stages over a period of twenty years.

The laws of California, and the more important law of common humanity demand that these Work Relief Bonds carry. But like all Bond issues, they must have a two-thirds majority.

Whatever your decision on the rest of the propositions on the Ballot, vote "YES" for the Work Relief Bonds, Number 21 on the ballot, next Tuesday.

"YES" ON AMENDMENT NO. 9

Amendment No. 9 seeks to relieve real and personal property of the costs now borne by the taxpayers of the various counties of the state.

A vote for this amendment will help to lower taxes. It will standardize education and assist in the solution of the vexatious tax problem.

Remember this, if Amendment No. 9 carries, real estate will be relieved of \$580,000 in taxes in San Mateo County and practically \$50,000,000 of taxes each year in the state of California.

VOTE YES ON NO. 9.

VOTE JOB BONDS, DEFEAT CHARTER

Every citizen of San Mateo county should vote for the jobless relief bonds, which will provide \$350,000 for our distressed neighbors and friends.

The additional tax burden caused by these bonds will be very slight, and the program of relief that will be made possible by the bonds, is the only sensible way to meet the local unemployment problem.

And there is one method by which the people can vote solidly for the bonds and still assure themselves that they will assume no additional burden. In fact, they will save money. And that method is to defeat the proposed county charter.

The charter, because it is founded on governmental theory instead of practice, will most certainly mean an increase in the expenses of our county government. For one thing, there will be additional titles, and when you give a man a title you may be sure that it means more money. First, his salary has to be raised to keep pace with the title, and second, he must have somebody to boss, which means more help.

The Times-Gazette slogan is: Vote the relief bonds and defeat the charter, and save money.

RETAIN JUDGE GEORGE H. BUCK!

Your superior court judge, George H. Buck, deserves your vote November 8.

There are scores of reasons, good reasons, for San Mateo county citizens to retain this fine, upstanding and fearless veteran in public office.

But two outstanding reasons are sufficient for brief discussion here.

First: THERE IS NO SUBSTITUTE FOR EXPERIENCE!

Judge Buck has been lauded throughout all California by attorneys as well as other judges as a man of high legal ability. His knowledge of law is YOUR PROTECTION. He doesn't make the law, he merely interprets it. His experience guarantees YOU justice.

Second: SAN MATEO COUNTY NEEDS A SAN MATEO COUNTY JUDGE!

Judge Buck is an intimate part of San Mateo County's history and progressive growth. He has faithfully served, at small reward, the citizens of his county. For forty-two years he has worked in San Mateo County, for San Mateo County. He has voted here, paid taxes here, labored in civic development movements and administered justice to the just and punishment to those who deserved punishment.

It would be unjust, unfair and decidedly unintelligent to fail to retain this veteran servant of San Mateo County, with his keen, active and forceful mind so long attuned to the needs and problems of his community.

VOTE FOR JUDGE BUCK ON NOVEMBER 8!

ELECT TALLANT TUBBS

Tallant Tubbs, candidate for the United States Senate, should be supported by all Republicans. Tubbs has shown himself to be fearless and honest, two qualities that are too often lacking in our public servants. A Republican Senate, working with President Hoover, will hasten our economic recovery. Vote for Tallant Tubbs!

Roosevelt Trying Not to Lose Votes, Says Rowell at Rally; Kathleen Norris Backs Hoover

Whether the American people of today have the intelligence of the Americans who saved the nation by giving Lincoln a second term in the darkest hour of the Civil War will be determined November 3 by the election or rejection of President Herbert Hoover.

This is the opinion of Chester Rowell, noted publicist and associate editor of the San Francisco Chronicle, speaking Tuesday before a large gathering of peninsula residents at the Palo Alto high school auditorium.

Rowell said the contest would be easy were it simply a question of Hoover versus Franklin D. Roosevelt. But it is a contest of Hoover versus "General Depression," Rowell said, and Roosevelt is sitting back, hoping that by making no mistakes he will be elected by the protest vote.

"Roosevelt has given the people no good reason why they should vote for him," Rowell said. "He has proposed nothing constructive. He has merely reminded the people that times are hard. He is not trying to win any votes; he is merely trying not to lose any."

Californians, who have given Herbert Hoover to the United States, can do no more than stand solidly back of their president, Rowell said. If the nation as a whole wished to reject him, it had that right, he said. "We who gave him to the nation ought to back him up though," Rowell said.

Rowell said the nation was so far away that it was thought no Californian would grow so tall that he could be seen over the Sierras, Rowell said. But California is now one of the pivotal states of the union and all eyes are centered here now, he said.

Rowell's address was preceded by a short talk by Kathleen Norris, noted woman writer, who said it would be a "great mistake" for the nation to reject Herbert Hoover. In her travels about the state, Mrs. Norris said she is finding sentiment crystallizing in President Hoover's behalf.

This, she said, was because "his voice rang true" while the other candidate was merely saying "things he was told to say."

Pump House Burns

On Crocker Estate
HILLSBOROUGH, Nov. 4.—The William H. Crocker estate here was threatened by fire for an hour late Monday as flames destroyed the pump house and scarred the landscaped gardens. Damage was estimated at \$25,000. High excitement prevailed as the fire crews of Hillsborough, Burlingame and San Mateo joined with the society folk in battling the menacing flames.

The fire is believed to have started from a short circuit in the pump house. A giant turbine was left a twisted wreck by the flames.

Sunday Is 75th Anniversary of Methodism Here

Redwood City Methodists will commemorate three important anniversaries this Sunday at special services in the church at Broadway and Brewster avenue. November 6 will be the 75th anniversary of Methodism in this city; it will be the 50th anniversary of the membership of Mrs. Emily Vasquez in the Redwood City church, and it will be the seventh anniversary of the dedication of the present church building.

Dr. Tully Knoles, president of the College of the Pacific, will speak at the morning service, and Dr. John F. Wilson, superintendent of Chinese and Philippine missions, will be the speaker at the evening service. A special musical program has also been arranged by the choir, under the leadership of Mrs. Clara Mossman, for both morning and evening services. Mrs. Carl Fisher will play the organ.

Pictures of Redwood City between 1880 and 1900 will be on exhibit in a gallery of 100 old-time views, which will also include pictures of the fire and earthquake of 1906.

Trend of Table Linen Is Toward 'Splatter-Proof'

By ALMA ARCHER

Many a spouse has been reprieved on the tottering journey homeward, for misgauging the distance from plate to mouth, and thereby ruining the hostess' fine table linen. In the spirit of being hosty, she of course has said the splatters didn't matter, but it is to be noted that fine white net doilies and runners are springing into favor. The sweetest are handrun with linen thread in fairly modern design. Anyway, the mesh of the net permits anything within reason to drop quite unnoticed, as for instance, white of egg, whipped cream, chopped onion, cauliflower, etc. And the dark table underneath gives further latitude by making steaks, chocolate, souffles, and roast guinea hen, appear practically incognito.

RETIRED PHONE OFFICIAL DEAD

BURLINGAME, Nov. 4.—Bernard C. ("Barney") Carroll, 71, who retired September 1 as a vice president of the Pacific Telephone and Telegraph company, fell dead Monday at his home, 740 Walnut avenue, of a heart attack.

Carroll leaves his widow, Maria, and a sister and brother, Mrs. C. L. Rodgers and H. P. Wood, both of Minneapolis, Minn. His body has been taken to the Frank C. Wycoff funeral home, where funeral arrangements had not been made last night.

Woman Says 'Hitrun' Victim Injured Self

Mrs. Martin Peterson, 128 Lorton avenue, Burlingame, reported to the traffic bureau in Redwood City Tuesday that she witnessed the accident Monday on the Bayshore highway in which Leo Hyland, 30, of 2188 Fifteenth street, San Francisco, was the reported victim of a hit-run motorist.

She said that Hyland appeared to be looking at an airplane and plunged his bicycle into an embankment. She explained that she might have been thought that she caused the accident because she was passing the scene, according to the traffic bureau, and wished to clear herself.

VOTE FORCE IN PLANT DENIED

Asserting that Democratic tinkering with the tariff would threaten to shut down two Bayshore manufacturing plants, Solomon Peiser, president of the Consolidated Chemical Industries, and its subsidiary, the Pacific Bone Coal and Fertilizing Company, said the firm was acting in its best interests in hanging up the banner which read:

"Re-elect Hoover. Protect this plant and your position."

"We are not trying to coerce our workers. We haven't even spoken to them about the election. As for employees protecting the plant and their jobs, if the Democrats get in and monkey with the tariff we will have to shut down our bone black plant because of Canadian competition, and it is likely our glue works will have to close up also."

DO YOU WANT YOUR TAXES INCREASED?

DO NOT BE MISLED!

Amendment No. 9 would cause the imposition of

A new State Income Tax on what you earn;

A new selective State Sales Tax on what you buy;

A new State Ad Valorem Tax on what you own.

Dr. David Prescott Barrows, Professor of Political Science, former President of the University of California has this to say about Amendment No. 9:

"This initiative measure proposes to transfer a further proportion of school support from the counties to the state. Its announced purpose is also to reduce local taxes on real estate and personal property. The latter object may be desirable, but there is reason to believe that this initiative measure would leave our tax system—and ultimately our land tax burden—in a worse situation than we have already. The measure increases the cost of education and compels the state to find the additional money."

Proposition No. 9 should be voted down."

Miss Elizabeth Hole, who has held a prominent place in public affairs on the peninsula for several years, and who held the office of deputy county clerk in Redwood City recently, became Mrs. Lewis Emerson Haas Monday afternoon at a wedding ceremony performed in a Carmel church.

Mrs. Haas, who is the daughter of Mr. and Mrs. Benjamin V. Hole, of Burlingame, met the bridegroom, who is business manager and advertising director of the San Francisco Chronicle, when both were aiding in the fight to locate the naval air base at Sunnyvale. She was, at the time, manager of the San Mateo Chamber of Commerce, and Haas had just returned from Washington, D. C., where he had gone as a representative of the Chronicle to work for the Sunnyvale site.

The wedding service, which was read by the Rev. T. Harold Grimshaw, was followed by a supper at the Hotel De Monte. Mrs. Haas is the bridegroom's mother. Mrs. Homer C. Haas, of Sausalito, the couple will spend the early days of their honeymoon there, and then will motor to Santa Barbara and Los Angeles in time to witness the University of California football game on Saturday. Late in November they will return to make their home in Sausalito.

Since her graduation from the University of California, Mrs. Haas has etched for herself a prominent place in peninsula social and public affairs—serving on Community Chest committees and interesting herself in the Sharkey bill and the unemployment bond issue in San Francisco.

PIONEER METHODIST WORK IS TRACED IN CHURCH RECORDS

Study Shows Growth of Movement Since Beginnings in 1857

November 6 will mark an important milestone in the history of Methodism in Redwood City. On that date the constituency will celebrate the 75th anniversary of Methodist work here, and the seventh anniversary of the dedication of the present church building at Broadway and Brewster avenue.

A study of the early reports of the church reveal many difficulties encountered between 1857 and 1872, by pioneers in the movement. They show also that the work here, which began in 1857, was a circuit charge most of the first 25 years of its existence. The church was served largely by ministers who lived either at Mayfield or at San Mateo, as it was part of the time connected with each.

The building program of this pioneer group gleaned from these early records shows a varied and checked career. It began in 1864 with the purchase of a lot beyond the "Island" where, under the direction of G. B. Bowman, the frame of a church 28x42 was built. The membership numbered only 12 at the time. Some of the reports seem to show that the building was never completed and was later wrecked by the wind.

About 1870 a water lot was purchased between Mr. Tyler's barn and the school house, but President Elder Ross decided, after no secure bond could be found for the foundation, to abandon the project.

Early in 1872 the Maple street church was erected. The site was a portion of the J. Preble lot and was donated by Alexander Gordon, who, at that time, owned a large tract of land in that section of the city. The structure was originally 32x40 feet enclosed with rustic fence, and cost about \$1500. There was no steeple at this time—this, as well as a Sunday school room at the rear, being added some years later.

From 1864 to 1923 the following men served as full or part time pastors: 1864, G. B. Bowman; 1865, G. W. Henning; 1866, W. S. Corwin; 1868, J. W. Hines; 1869-1871, A. C. Hozzard; 1872, P. G. Buchanan; 1873, T. B. Hopkins; 1874, S. C. Elliott; 1875, J. Burns; 1876, J. J. Cleveland; 1877, W. W. Woodward; 1878, G. H. McCracken; 1881, Seneca Jones; 1883, F. E. McCullum; 1884-85, J. S. Fisher; 1886-88, F. M. Callum; 1889-90, J. B. Rutter; 1890, M. V. Donaldson; 1891-93, J. R. Watson; 1894-96, O. M. Hester; 1897, E. B. Winning; 1898, O. M. Hester; 1899-1901, J. J. Martin; 1901-1904, A. S. Gibbons; 1904-1905, W. Kent; 1905-07, Theodore Taylor; 1907-08, J. McClaskey; 1908, John Telfer; 1909-10, Thomas Leak; 1910-11, J. E. Young; 1911, W. G. Toudgen; 1911-12, Alonzo Brown; 1913-16, Mahlon B. Young; 1917, George A. Brice; 1918, Oscar Smith; 1919-21, S. C. Thomas; and 1922, C. L. Peck.

SPEAKER STRESSES PHILANTHROPIC AIMS IN WOMEN OF MOOSE LECTURE

"The fraternity that lives up in a lodge room," said Mrs. Adel Oust, quoting Senator James J. Davis to the Northern California Women of Moose convention which met here Sunday. "and is content with the old-fashioned idea that secret passwords and mysteries behind closed doors are enough to interest and retain members today, is certain to wither and die."

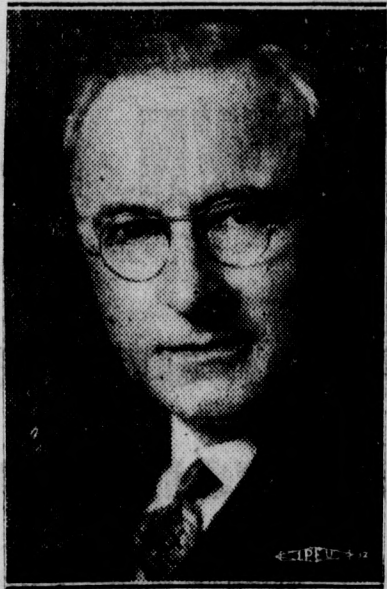

Mrs. Oust, who is deputy recorder of the state, is a member of the Merced chapter, and has been active in organizing new committees in Women of Moose. Her address Sunday was delivered in Odd Fellows Hall before a large audience of Redwood City and visiting members.

"Since the two great enterprises of the Moose are the welfare of dependent children and aid for the aged who suffer privation and want, the Moose members are urged to interest themselves in local cases," declared Mrs. Oust, "regardless of whether or not the unfortunate ones are connected with the fraternity. But any good movement—whether it be in the nature of new parks and playgrounds, new highways, better municipal government, better police and fire protection, or better traffic conditions—is expected to engage the attention and interest of the Moose."

Outlining the work of the fraternity at Mooseheart, Illinois, where are cared for 1300 children of deceased members, and at Moosehaven, Florida, where aged members are provided for, the speaker pointed out the tremendous potential power of such an organization, the Moose, which has more than 600,000 members, and 1700 lodges all over the world.

"With these enterprises well in mind," concluded Mrs. Oust, "the Moose plans a greater program of service for humanity that will in time become world-wide."

A Vote for Roosevelt Is a Vote for HEARST!

WHEN DAY AFTER DAY W. R. Hearst tells his readers Franklin D. Roosevelt is inferior to Hoover in character, sincerity, honesty and ability, that Roosevelt's boom is a "fake," that his supporters are tricksters, that his nomination would invite defeat—

And then, overnight, after a bit of deft work by William Gibbs McAdoo, Mr. Hearst begins to laud Franklin D. Roosevelt to the skies—

What then shall the innocent voter conclude? Why, simply that Roosevelt and Hearst have struck hands and Roosevelt has become HEARST'S MAN.

There is no other possible conclusion.

A vote for Roosevelt is a vote for HEARST.

On April 14, Mr. Hearst, referring to Franklin D. Roosevelt, said on his printed page:

Why nominate a New York candidate and thereby invite defeat? New York political leadership, New York financial leadership and New York business leadership have been discredited.

On May 1 appeared this in Hearst columns:

Men who are in a position to appraise Roosevelt's equipment declare that his Presidential boom is a "fake," pure and simple. They know him for what he is not, rather than for what he is.

On May 2 Hearst newspapers said:

They—the Democratic leaders—believe the nomination of Roosevelt would make certain the reelection of President Hoover. Of the two men, they accord Hoover more credit for firmness of character, sincerity of conviction, honesty of political principles, and superior administrative efficiency.

And, on that same day, this, speaking of Roosevelt and Smith:

The nominee will not be either of these

(Reproduced through courtesy of SAN FRANCISCO CHRONICLE)

New Yorkers * * the leadership of New York is so discredited throughout the Nation that neither can hope to carry the country.

On May 6 Hearst said, through his newspapers:

It is sheer audacity, not to say political trickery, on the part of Governor Roosevelt's supporters to suggest that Speaker John N. Garner should play second fiddle to their candidate by consenting to accept the vice presidential nomination.

Was this prophetic?

For all this time Mr. Hearst had been shouting his undying devotion to Jack Garner, for "President or Speaker or nothing."

For then came the Democratic convention, the first two ballots, the clear showing that Roosevelt had to have California and Texas to win. Mr. Hearst had Roosevelt where he wanted him. Then came that hurried telephone call to Mr. Hearst from the convention hall—which Arthur Brisbane inadvertently let out of the bag.

The message was evidently satisfactory to Mr. Hearst, for immediately Mr. McAdoo, the California member of the Hearst-McAdoo-Garner triumvirate, stepped upon the platform and delivered California and Texas to Roosevelt.

From that moment Franklin D. Roosevelt has been HEARST'S MAN. Hearst has taken him over, in spite of all the vital weaknesses he found in Roosevelt in April, May and June. Hearst has become Roosevelt's impresario and in that role scarcely conceals an air of proprietorship. He exhibited him at Hollywood as one exhibits a captured bear.

Roosevelt belongs to Hearst, of right. Didn't Mr. Hearst make him all he is today in those fateful moments at Chicago?

Roosevelt and Hearst! It is one and the same!

A vote for Roosevelt is a vote for HEARST!

Farewell Party Given Powells

A surprise farewell party was given at the home of Mr. and Mrs. W. Knibbs, 224 Ramona street, for Mr. and Mrs. P. E. Powell, who are leaving Redwood City to make their home near Watsonville. Mrs. Powell, until recently was vice-president of the Acacia class. She was presented with a large bouquet of white and cream chrysanthemums upon which was written in gold, "Good Luck."

Mrs. W. F. Seymour, vice-president of the class, and Mrs. Earl Baird, one of the teachers, voiced the sentiment of the entire group when they spoke words of appreciation of Mrs. Powell's service and regret at her loss to the community.

Handling 40 per cent of the Pacific coast's foreign trade, the value of merchandise handled at San Francisco bay during the first quarter of 1932 amounted to \$46,753,000.

"WELL, WHAT ARE YOU GOING TO DO ABOUT IT?"

The Challenge

To the fair-minded, square-dealing, neighborly people of California, Enthroned Monopoly asks the question. The voters of the State will furnish the answer on November 8.

The Issue

At Huntington Beach is one close to the hearts of Californians. The people should own the beaches, but at Huntington Beach an international oil corporation, in the enjoyment of monopoly, straddles a strip of beach like a giant spider, sucking up and consuming the natural wealth which rightfully belongs to city and State. Amendment No. 11 on the ballot grants to Huntington Beach the same rights reserved to other coastal cities of California, and affects only that strip of beach already claimed for oil production by private monopoly.

The Effect

Of the adoption of Amendment No. 11 will be to permit Huntington Beach and the State of California to share in the profits from the people's oil now being drained for the benefit of private monopoly through the drilling of offset wells, and thus materially reduce taxes for city and State.

SOCIETY—CLUBS

Two Princesses, Mother and Daughter, Here For Visit

An American-born princess and her little daughter, in whose veins runs the blood of Spanish and Italian kings, have come to Palo Alto for an extended visit. They are now at the Cardinal Hotel, where they plan to remain until they have secured a house for the year.

They are the Princess Ruth Pignatelli D'Aragon, a former Philadelphia girl who is now the wife of Prince Ludovic Pignatelli D'Aragon of Cannes, France, and her 9-year-old daughter, Princess Isabelle Pignatelli D'Aragon. The two arrived in San Francisco Saturday on the liner California. Little Princess Isabelle is now visiting her mother's aunt, Miss Annette Janet McDonald, at Belmont. It is the nearest of Miss McDonald's home and that of a cousin, J. C. Brazell of Menlo Park, that has brought the visitors to this community.

Neither princess has visited California before. They plan therefore, to tour the state and spend some time in Hollywood. While in the motion picture metropolis, they will present letters which they have to film celebrities.

UNION SERVICE AUDIENCE HEARS ALONZO BAKER ON PROHIBITION

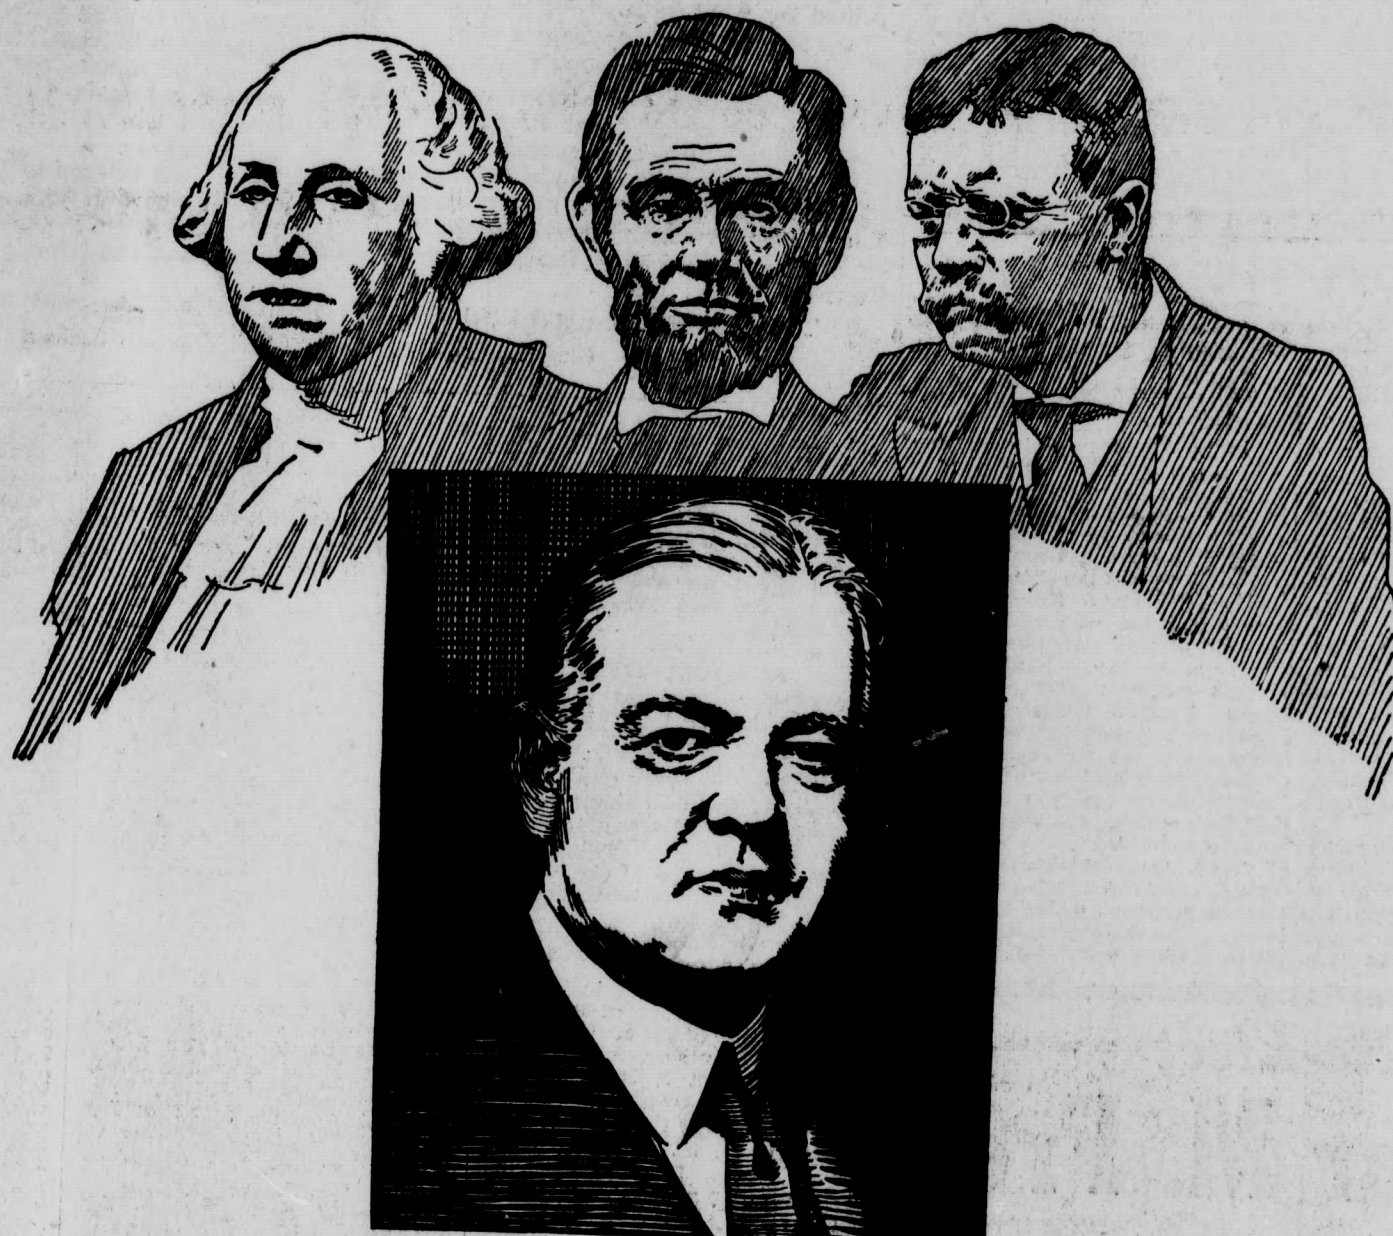

Outlining the history of prohibition, and comparing present conditions with those which obtained before the enactment of the 18th amendment, Alonzo Baker, well-known lecturer and editor of "Signs of the Times" addressed a large audience in the First Baptist Church Sunday evening on the topic, "Prohibition, Prosperity, Crime, and Personal Liberty." The lecture was the feature of a Redwood City union service, sponsored by the Menokirk Club and co-operated in by the various denominations of the city.

"The prohibition law is not yet perfected, we will admit," declared Mr. Baker, "but we have not given it fair trial." He went on to point out the better situation which the United States enjoy today than that in Canada, where there is government-controlled sale of liquor.

Turning to the economic situation, the speaker drew comparisons, giving statistics, to show that the repeal of the amendment would not bring back prosperity, but would rather diminish employment and increase poverty.

"We would lose by this action, rather than gain," he declared. "And as for crime," he went on, "the 'crime wave' which we are suffering now can be traced back to times before prohibition. Crime waves follow on the heels of war, and the repeal of the eighteenth amendment would only aggravate the situation."

Closing with a discussion of the psychological background of personal liberty, Mr. Baker pointed out that in modern society complete personal liberty in any department of life is impossible. "That which affects the rest of society must be controlled by law," he said, "and so it is that we must have liquor laws, just as we have murder laws, theft laws, and other laws which protect society from harm."
